NEW RACE RIOT IN SAN QUENTIN

PRISON RACE FEUD BREAKS OUT AFRESH

Mexican Stabs White Prisoner And
Is Sent to Hospital With
Broken Nose

AMUSEMENTS ARE CALLED OFF

Precautions Taken to Keep Fac-
tions Apart as Number In-
volved Reaches 40

(By Universal Service)

SAN QUENTIN, Feb. 20.—All amuse-
ment programs and other gatherings
of prisoners in San Quentin were
called off today, and visitors were
barred from the prison, as a result of
a new outbreak last night of the
Mexican-American race feud that
earlier in the week caused one death
and several injuries.

The fight last night started when
one of the Mexican prisoners stabbed
an American with a long, sharp
knife which had been made from
one of the files used in the prison
shops. The American, despite his
wound, attacked the Mexican with a
monkey wrench, broke his nose and
knocked out several teeth.

The two men brought the num-
ber already involved in the prison
race war up to 40, Warden Frank
J. Smith said today.

CONFINED TO TWO.

As soon as the fight started guards
fired into the air to deter other
prisoners from getting in the melee
as they did the previous outbreak on
Wednesday. As a result of this
prompt action, it is believed, last
night's disturbance was confined to
the two participants.

The names of those involved in
both outbreaks, with the exception
of that of Antonio Hernandez, who
was killed Wednesday, are being
withheld by Warden Smith. This is
in accordance with the prison policy
of making the names of offenders
public only in case of their death.

AMUSEMENTS CALLED OFF.

An extra patrol of guards, armed
with sawed-off shotguns, was station-
ed in the prison yard and corridors
today to prevent further manifesta-
tions of the race feud.

As additional precautions, Warden
Smith cancelled all band concerts,
"movie" shows, and arrangements for
a Washington's birthday celebration
Sunday in order to avoid any oppor-
tunity for the feuding to meet one
another in force. The ban will con-
tinue until the animosity between the
two factions has cooled, he said.

All those known to have been con-
cerned in either of the prison fights
have been placed in solitary confine-
ment, with the exception of those in-
jured, who are in the prison hospital.

TO GET WEAPONS.

The employment of various kinds
of deadly weapons was made possible,
Warden Smith admitted today, by the
fact that San Quentin is not run in
the rigorous fashion of an ordinary
penitentiary, but more after the man-
ner of a reform school. It is a simple
thing for the prisoners to seize tools
from the shops in the event of a
combat, and to use them with fatal
effect. There was also nothing to
deter them from obtaining files in
advance and beating them into knives.

Word has been received here by
H. E. Wyatt that his brother, E. I.
Wyatt, has been moved from Valley
Springs, of which resort he is owner,
to Reno, Nevada, where he has un-
dergone a serious operation.

Contra Costa County Passes Its 75th Year

While California is prepar-
ing to hold its Diamond Jubilee
celebration this fall in
observance of its 75 years of
statehood, Contra Costa county
celebrated its Diamond Jubilee
this week without knowing it.

According to the California
State Historical Society at
Berkeley, Contra Costa county
was 75 years old on February
18. The act creating the county
was signed by Governor
Peter H. Burnett on February
18, 1850.

(At this time was not admitted
into the union as a state until
September 9, 1850, more than
seven months later. The state
celebration will reach its apex
on September 9 this year.)

Builders' Exchange Is Banqueted by Master Plumbers

The Richmond Builders' Exchange
held their regular monthly social
meeting at the Builders Exchange
building in Fourteenth street last
night. The late luncheon was cook-
ed and served to the large crowd
in attendance by Plumbing contrac-
tors and was under the direct charge
of Fred R. Spierisch, J. I. Collins,
Walter D. Ehm, R. W. Timmons, R.
A. Washburn.

P. M. Sanford, president, presided
over the business session, preceding
the social end.

The speaker of the evening was
George E. Rodman, of Oakland, who
is past executive secretary of the
Master Plumbers association, having
held that position for ten years. He
is also an ex-attorney. Rodman gave
an interesting address on "The
Builders' Clearing House," explain-
ing thoroughly how it equally bene-
fits the material dealers, sub con-
tractors, general contractors and
owners.

The annual report for 1924 of the
president and secretary of the ex-
change was read and they showed
the exchange to be in healthy and
prosperous condition. The reports
also showed that since the exchange
has been organized it has gradually
won the public sentiment and that
it is gradually being recognized as
a necessity in the community by its
good work.

It was also revealed that during
the year just passed that the free
employment office maintained by
the exchange has placed 1520 men
in employment, including mechanics
and both skilled and unskilled labor-
ers. The remarkable growth of the
exchange was also shown.

James Cravath, chairman of the
constitution and by-laws committee,
gave the first reading of the re-
vised by-laws at the meeting. The
second reading will be given at the
meeting on next Friday. The com-
mittee that has been at work re-
vising the by-laws for the past several
weeks, consists of James Cravath,
P. A. Mero and R. H. Sniersch.

It was decided last night that in
observance of Washington's birthday
on next Monday, the exchange build-
ing would be closed all day.

At a recent meeting P. N. Sanford
was unanimously elected to act as
official delegate from this exchange
to the convention of the National
Association of Builders Exchanges to
be held in Los Angeles on February
24, 25 and 26. Sanford announced
last night that he was leaving to at-
tend this convention on Monday and
he promised to bring back with him
all important messages from the con-
vention. It is expected that several

MITCHELL TO BOMB SHIP IN AIR CRUSADE

General Offers to Sink Battle
Craft to Demonstrate Defense
Weakness

DROP BOMB AS SHIP SPEEDS

Congress Approves Proposed Test,
Assent of Wilbur And
Weeks Sought

BY CHARLES B. BARNER
(By Universal Service)

WASHINGTON, Feb. 20.—General
Mitchell will bomb and sink a battle
ship running at full speed and filled
with high explosives, off Fortress
Monroe March 22 in the presence of
the House Aircraft Committee and
other citizens to demonstrate his con-
tention that any battleship afloat can
be blown instantly out of the water
by bombs dropped from planes.

The General will make this demon-
stration provided Secretary of War
Wilbur and Secretary of the Navy
Weeks give consent. The House
Aircraft Committee asks that the test
be held. The public is invited to at-
tend.

This was the high light in a day
which revealed testimony before the
committee and in statements from its
members:

1. Congressman Sol. Bloom of
New York will produce an inventor
at Monday's session who will offer
to the nation three devices, pos-
sessed by no other country:

1. A bomb-dropping and sighting
device which will "drop its bomb
within three square yards of its ob-
ject—no matter how high an aviator
flies; (b), a device by which a sub-
marine may be entirely controlled
from airplane, and by which summa-
ry torpedoes may be discharged, and
which will direct the submarine back
to its base—all this by radio waves.

2. Representative Anning S. Pratt
urged that Mitchell be permitted to
bomb a battleship before the eyes of
the "American public" to demonstrate
that the naval experts have deluded
the people in its report made public
by the general board a day ago.

3. J. A. Roche, civilian engineer
from McCook field, admitted that
James V. Martin submitted plans for
"a superplane"—one of 5,000 mile-
range and 18,000 pound weight carry-
ing capacity—four years ago, and
that the army has never even tested
it. He also admitted that "on paper"
it was a better machine than any in
actual service in America today.

He said army engineers had been "too
busy doing other things" to try out
this super-ship.

4. General Mitchell formally charg-

(Continued on Page 8)

Time is Extended On Memorial Hall

Bobby and Owsley have been al-
lowed 40 days additional time in
which to complete the Memorial hall
at Richmond, according to action
taken by the Contra Costa board of
supervisors in Martinez this week.

The Pacific Manufacturing company
of San Francisco was authorized to
install ceiling light in the auditor-
ium of the Richmond hall.

STILL IS SEIZED AT EL CERRITO
Members of the county dry squad
Thursday night seized a ten gallon
still at a barn on the outskirts of El
Cerrito. The still was unattended
and the identity of the owner is not
known.

Other members of the local exchange
will attend the convention at Los
Angeles.

FIRE CHIEF COOPER AIDS IN CAPTURE OF FIREBUG

Due to the detective ability of
Fire Chief W. P. Cooper of Rich-
mond and State Fire Marshal
Jay W. Stevens of Piedmont, Chester
Buchtel, Portland fireman, and grand-
son of Joseph Buchtel, pioneer Port-
land fire chief, said to be the most
dangerous pyromaniac in the country,
is behind prison bars today charged
with arson in connection with more
than 100 fires, in some of which
lives were lost.

Buchtel, caught red handed by
fire marshals as he was applying the
torch to a Portland home, is said to
have confessed setting 25 fires and
is to be questioned about more than
100 others.

SUSPECTED YEAR AGO

He was first suspected a year ago
by Chief Cooper, of Richmond, their
assistant fire marshal at Portland.
Cooper declared last night to a Re-
cord-Herald reporter that his sus-
picions were aroused when he found
that Buchtel, off duty when alarms
were turned in, was always present
at the scene of the blazes.

After considerable argument, due
to the fact that Buchtel came from
one of the most prominent families
in Portland, Cooper, who was on the
Arson Squad, secured the co-operation
of the department and a watch
was set over Buchtel.

Fire Marshals became convinced
that he was the right man, Cooper

declared, but had no convicting evi-
dence. Buchtel was allowed to re-
main on the fire department and con-
tinue his work as usual in order that
the officers might catch him in the
act of setting a fire.

SECRETS CONFESSED.

A series of false fire alarms were
then turned in, and Cooper secured
a confession from Buchtel that this
was his work.

Cooper also worked on the case
last December, when he was sum-
moned to Portland to testify in an-
other arson trial. At that time he
had accepted the position as chief
of the fire department of Richmond.

LOSS TOTALS MILLIONS.

Loss caused by fires said to have
been set by Buchtel totalled several
millions of dollars, dispatches stated.

After his arrest Buchtel escorted
officers to the ruins of some of the
fires he had lighted. He is being
severely quizzed by police detectives
and members of the district at-
torneys' office. For two months he
has been shadowed night and day.

Chief Cooper was connected with
the Portland fire department for
13 years, and with the fire marshal's
office for eight years. For three
years, until he went to Richmond,
he was assistant fire marshal on the
Portland Arson Squad, and, since
moving to the east bay region, has
aided local authorities and under-
writers of local cases.

At Richmond a great plant was
built and a town all its own, with
its own postoffice of Winchaven,
sprang up around it, and down at
Fresno another big plant and town
was established, in the heart of the
grape growing district, long before
the Santa Fe railroad came through.

Then along came Volstead, the
first iconoclast of pre-prohibition
days, who set the dry law Nemesis
on the trail of the Sparkling Burg-
undy, followed closely by his compeer
father of the Wright Act, who com-
pleted the work.

Production stopped at the Calwa
plant. Wine grape fields gave way
first to raisins and then to cotton
acres. Calwa itself became the
yard terminal of the Santa Fe rail-
road. Railroad employees replaced
the wine producers. It is now a
Santa Fe railroad town on the out-
skirts of Fresno. Where, once the
purple grape glistered in the sunlight
and morning dew, now white fields
of cotton gleam like windrows of
snow on a greensward of grass, the
green leaves of the cotton plant
completing the effect.

At Richmond the Winchaven plant
still manufactures soft drink prod-
ucts and a few minor items, but the
great plant is almost idle compared to its
former activity. The postoffice has
been abolished and the town practi-
cally abandoned. It may soon follow
its sister plant at Calwa and be
transported for other uses.

So, the "old order changeth"—to
make way for the new.

TO BUILD BATTERY SHOP

A battery shop will be erected on
the corner of Thirty-fourth and Cut-
ting boulevard, at a cost of \$250, ac-
cording to permit issued yesterday
by E. E. Grow, building inspector.

INJURED MAN RECOVERS

Friends of City Trustee Kirk E.
Gray of El Cerrito, will be pleased
to learn that he is rapidly recover-
ing from injuries received when he was
accidentally struck by a heavy timber
at the Standard Oil plant here last
week. His injuries were painful but
were not of a serious nature.

He can now go to the house,
where it was smothered in the Mil-
itary Affairs Committee after being
passed by the senate in the previous
congress. Advocates of the measure
are more confident of favorable action
in the lower branch this time.

Before passage today the terms of
the bill were broadened on motion of
its sponsor, Senator Bursum, repub-

lican of New Mexico, to include navy
as well as army officers. Marine
officers enjoyed retirement benefits
without enabling legislation.

The amendments, offered by oppo-
nents were moved down as fast as
they were proposed.

Sale of Wine Association Plant Marks New Changes

Purchase of the properties of the
California Wine Association, at Calwa
a mile south of Fresno, by the Calwa
Development Company for more than
\$200,000 has been announced by L.
T. Gibson, president and general
manager of the Lawrence Warehouse
company of San Francisco and Oak-
land.

Other capitalists of the bay region
are said to be interested in the new
venture, and Gibson announced that
plans have been made to convert the
property into a cotton compress at a
cost of \$100,000. More than 46 acres
of land and a dozen buildings are in-
cluded in the transaction.

Although it is claimed that the
deal does not affect the Winchaven
properties of the California Wine As-
sociation at Richmond, the transac-
tion marks the passing, or disinter-
estment, of one of California's greatest
and oldest institutions.

Some years ago the Calwa plant
of the wine association manufactured
a world famous wine. The name of
Calwa, derived from the names of
the firm, Cal and for California and
wa for wine association—came to
mean a sparkling nectar which was
the equal of any of the famed
French brand.

At Richmond a great plant was
built and a town all its own, with
its own postoffice of Winchaven,
sprang up around it, and down at
Fresno another big plant and town
was established, in the heart of the
grape growing district, long before
the Santa Fe railroad came through.

Then along came Volstead, the
first iconoclast of pre-prohibition
days, who set the dry law Nemesis
on the trail of the Sparkling Burg-
undy, followed closely by his compeer
father of the Wright Act, who com-
pleted the work.

16 BODIES ARE RECOVERED IN COAL TRAGEDY

Rescuers Hindered as Gas Fills
Shaft In Indiana Mine
Explosion

125 MEN WERE IMPERILED

Explosion Causes Roof To Col-
lapse, Bringing Death to
40 Workers

(By Universal Service)

SULLIVAN, Ind., Feb. 20.—Sixteen
identified dead had been taken from
the City Coal Company's mine to-
night. The mine was wrecked by
a gas explosion today.

Forty dead was the estimate made
late tonight as rescue crews pushed
their way into the black debris.
There were approximately 125 min-
ers employed in the City mine, but
only forty were working in Nos.
3 and 4, where the explosion oc-
curred.

A "squeeze" was believed tonight
to have caused the disaster, al-
though no official investigation had
been made. Miners held that the
"squeeze"—a cave-in of parts of
the mine in which coal had been
worked out, forced gas accumula-
tions into the entries in which elec-
tric motors operate. An electric
spark touched off the gas.

CROWD AT SHAFT

The explosion occurred at 10:30
o'clock this morning. Rescue work-
ers immediately entered the mine.

Identification of the dead is ham-
pered by the fact that only flash-
lights and safety lamps can be
used in the rescue work.

At the mouth of the shaft the
crowd waits, awed by the tragedy,
while each hour that passes brings
but an added tension.

Fathers and sons who escaped
from the mine at the time of the
explosion have returned into the
shaft in search of sons and broth-
ers.

RESCUE HAMPERED

Relief work among the crowd had
started early. Relatives of the en-
trapped men refused to leave the
place until they learned definitely
the fate of their beloved ones.

An old grey-haired mother, on
bended knees, prayed for the safe-
ty of her son, while bystanders
broke down and many joined in the
prayer.

After-lamp, the most feared thing
of an explosion, has hampered bad-
ly all attempts at rescue work. Time
and again the Government expert
came from the mine so weakened
that medical attention had to be
given.

Inquest Held In Accidental Death

Mrs. Fasanaro Is
Called By Death

At the inquest conducted by Coroner
Charles F. Donnelly at Antioch
last night into the death of Camille
de Soto who was killed in an auto
accident several days ago, the jury
returned a verdict of death by shock
and fracture of the skull, due to the
automobile in which she was riding
being accidentally overturned. Re-
sponsibility for the death was not
fixed upon anyone.

The coroner's jury recommended in
their verdict that the condition of
the curve at which the accident oc-
curred be called to the attention of
the supervisors.

FINED FOR SPEEDING

Fines of \$20 each were levied up-
on E. L. Dukeshire and J. S. Chat-
herwood by Police Judge C. A. Odeil
yesterday on charge of speeding.

Friends of Mrs. Catherine Fasanaro

are grieved to learn that death by
pneumonia called her at her home at
115 Thirty-Sixth street at 5:00 o'clock
yesterday evening. Mrs. Fasanaro
was the widow of the late Thomas
Fasanaro and a native of Italy, but
had resided in Richmond the past
three years.

The remains are at the Curry un-
dertaking parlors and the funeral ser-
vices will be held from there, but the
time has not been set as yet.

Mrs. Fasanaro was the mother of
Charles, Joseph, Burk, Anthony, Mar-
tin Fasanaro, Mrs. Elvera Corbel and
Mrs. Clara Pulnera, all of Richmond;
and Andrew Fasanaro of South
America.

Daily Cross Word Puzzle

The way to solve the Cross Word Puzzle is to fill in the white squares of the diagram with the words which agree with the accompanying definitions. The definitions are numbered to correspond with the numbers on the diagram.

Any word defined in the text under "HORIZONTAL" will begin at the white square that contains its number, but its number, shown on the diagram, will extend downward as far as the word will extend all the way across white space remains uninterrupted.

SOLUTION OF YESTERDAY'S PUZZLE

MOTORISTS ARE WARNED AGAINST BLOCKING FIRES

Motorists who fail to make way on the street for the fire apparatus to pass, are again warned by the fire department. The motorists are expected to stop and clear the street when the fire trucks are going to a fire. The warning is issued by the fire department.

The citizens of Richmond are expected to cooperate with the fire department as such as possible. Motorists are asked to do all they can to clear the streets when they are driving and hear the alarm. If you cannot park in the curb, pull in as close as possible and stop there by letting the fire apparatus driver know that you are not moving and it gives him a chance to get to the fire very much quicker.

Motorists are warned that, to interfere with the right of way of the fire apparatus in responding to an alarm, or at a fire, is a violation of both state and city laws, and will be enforced. The fire department can do their part by stopping until the apparatus has gone by. It is also a violation to follow the apparatus or crowd around the fire. Please understand that CROWDING ARE NEITHER NEEDED OR WANTED AT A FIRE. THEY ARE ONLY IN THE WAY. The citizen should not run out into the street when they hear the alarm they may get run over or cause a delay that might mean the saving of a life. Every delay caused by the fire department means loss to someone.

THINK THIS OVER. IT MAY BE YOUR HOME AND ONE WHO IS NEAR AND DEAR TO YOU MAY BE IN DANGER AND A SLIGHT DELAY MAY MEAN HIS OR HER LIFE OR A PROTRACTED SICK IN THE HOSPITAL.

Give the firemen a chance to operate with them and clear the way as they are more than willing to do all they can.

Baxter Bakery to Have New Quarters

H. E. Baxter announced yesterday that the room formerly occupied by Ohlenland's Jewelry store will be ready to house his bakery and delicatessen which he is moving from 921 Macdonald avenue on next Tuesday morning and the opening will take place on that day.

Baxter will have a complete delicatessen as well as the products of the popular bakery which will furnish products fresh to his establishment several times a day. The store is now being remodeled and equipped for the business and according to reports it will be perfectly sanitary and handle only goods of the highest class.

School at Orinda Park to be Opened With Big Program

March 7, is the date set for the dedication of the Orinda Park school building which was erected at a cost of \$22,000. It was announced yesterday Robin Hood's court will figure in the pageant of flowers being prepared by the students of the school.

The address of the day will be delivered by Edward de Laveaga, pioneer resident and extensive property owner of the district, and he will review the rapid growth of the community.

As the day of dedication falls upon Luther Burbank day, Charles J. Woodbury of Oakland will speak on Luther Burbank.

BIRTH REPORTED
A boy was born to Mr. James Wiley, at the Maternity Hospital, Thursday. Mrs. Wiley resided at 232 First street.

"Top of The World" Thrill Audience At The California

There is so much to be said for "The Top of The World" that the only way to prove it is to see it. The audience last night at the California Theatre, where the film had its first local showing, was often thrilled, constantly interested and frequently amazed during the projection of this screen play.

"The Top of The World" is loaded with dramatic elements which explode with a terrific bang at the height of one of the most realistic scenes ever put in a motion picture. That devastating flood, sweeping down from the high mountains, washing away houses and swallowing up people, is by itself worth several times the price of admission.

Although the story revolves around the familiar "eternal triangle" theme, it starts, at least, with new lines, develops several unique situations, and after reaching a melodramatic climax winds up in eminently satisfactory fashion. The characters involved are an English girl and her childhood sweetheart, and the latter's cousin. Most of the action occurs in South Africa, a people admittedly full of color and atmosphere.

Acting honors fall to the lot of Anna Q. Nilsson, who scores a distinct personal triumph; James Kirkwood who gives an uncommonly fine performance in a dual role; Raymond Hatton who impersonates an English cavalry captain; and Sheldon Lewis who proves his off a very effective villain.

Those who choose their film fare on the basis of dramatic strength of story, excellent characterization, pictorial beauty and able direction will find "The Top of The World" the embodiment of perfect screen entertainment.

Other features on the same program include Will Rogers in his adorably funny comedy, "High-Brow Stuff"; International News; Larry F. Cline at the organ.

BISSELL AVENUE HOME SOLD

A six-room home at 721 Bissell avenue, was purchased by Mr. Mahol Bastard from William W. Siple, according to announcement made yesterday by O. J. Ripley, sales manager of the H. O. Ware Realty company, who handled the deal.

"Flowing Gold" At Richmond Theatre Is Oil Field Epic

"Flowing Gold" now showing at the Richmond Theatre, is an epic of the oil fields. Richard Watson Tully who produced this picture for Associated First National Pictures, Inc., has spared no effort to make it one of the really big screen attractions.

"Flowing Gold," an adaptation of Rex Beach's popular novel of that name, is laid in the northern Texas oil districts and is a rapidly moving drama which leads up to a smashing climax with some of the greatest

storm and fire scenes ever screened. I. concerns itself with the Briskow family of impoverished Texas nobles, who strike oil on the old farm in great quantities. Calvin Gray, a penniless soldier of fortune, becomes interested in the family and guides them through the hectic period of their existence. Milton Sills in the role is given one of the greatest parts in his career and is ideally suited to the role.

Anna Q. Nilsson, an Alaskan, is a wealthy daughter of the family, is most capable and gives a superb and artistic performance. Alice Oakman as Barbara Parker Crawford, friend of Henry Nelson John, and Billy Josephine Crawford as Mrs. Briskow.

and Bert Woodruff as Pa, are all excellently well cast and do excellent work. Charles Sallon of "Bad Man" fame, as Tom Parker, is an interesting and satisfactory member of this all-star aggregation.

The story is replete in the dramatic, suspense, delicious comedy and thrills. The fight between Sills and Oakman in the governor's suite of the hotel will rank as one of the best scenes ever. The tremendous fire and storm sequence will bring gasps from the most hardened beholder. The scene of the field is destroyed by fire, while the valley below is a raging flood, water and blazing oil.

Father of Local Woman Passes Away

Tokens of consolation are being offered Mrs. Walter Black over the passing of her father, P. H. Fugan. The many friends of Mr. Fugan will mourn his death, he having spent a great deal of time here at different intervals and was well-known in this vicinity.

Death called the deceased at the family home in Oakland on February 15 and the funeral took place from the Grant Miller parlors in Oakland Tuesday.

English Welter Wins 10-Round Bout

(By Universal Service)
SAN FRANCISCO, Feb. 20.—Bill Wells, welter weight champion of England, won the decision at the end of a 10-round bout over Jack Britton, former welter weight champion, here tonight.

The fight was a boxing exhibition from start to finish. Britton took the second and seventh, and Wells the fourth, fifth and sixth rounds. Neither opened up to any extent until the last round, when Britton accused Wells of hitting him low. He appeared in great pain but continued fighting. Wells resorted to in-fighting, wearing down his older and stronger opponent.

In the semi-wind-up Frankie Farnen of San Francisco stopped Joe Powell of San Jose in the fourth. Powell was no match for his opponent.

Harry Scott of Oakland beat Chris Perry of Stockton in four rounds. Frankie Brown of San Francisco and Young Riley of Portland went four rounds to a draw.

Frankie Kliek beat Jackie Flynn in the four round opener.

Kearney-Furrers To Play Wheelers

To determine who shall play the winner of the P. T. A. basketball series for the championship of Northern California, the Kearney-Furrers cagers, as a member of the Northern California Athletic Federation, will encounter the Wheeler Diamonds of Oakland this evening at the Y. M. C. A. of Oakland.

A great advantage to the Kearney-Furrers is the addition of Fanning, former Richmond High School player, who has been playing recently with the U. C. Dental college team.

Dyer, O'Brien And Chattleton Means Win Without Fail

Another victory was added to the already long list of the Richmond Union high school unlimited basketball team when they defeated the Mt. Tamalpais Military Academy unlimited team of San Rafael, at that city yesterday, 35 to 29. This makes the ninth game won by Coach H.B. Dyer from the high schools about the bay.

For the first time this season the Richmond team was forced to play on box court, a court in which the ball may go out only at the end. This hampered the locals for the first half, but in the second period the old reliable combination of Dyer, O'Brien and Chattleton started and from that time on the result was never in doubt.

DEFEAT FOR SOLDIERS

These three stars, ably assisted by the guarding of Captain Woods, spelled defeat for the enviro soldier boys.

In the 120-pound game the Richmond team won by the score of 29 to 14. The game was close in the first half, but with Captain Villalobos dropping them in from air over the floor, the locals forged rapidly in the lead.

Line-ups for the Richmond team were as follows: Unlimited; Dyer, and O'Brien, forwards; Swenson and Chattleton, guards; Woods, Pasch, Barbieri and Millvich, guards. 120-pound team: Villalobos and Bartoni forwards; Clark, center; Malliani and Comerio, guards.

BOWLING

The championship of the Pacific Sanitary Bowling league was won last night by Team No. 2, winner of the first half of the schedule, through the defeat of Team No. 1, by the score of 2531 to 2381.

Team No. 2, by virtue of their victory last night becomes the possessor of the cup donated by the Pacific Sanitary plant. Last year the team from Port No. 2 won the cup.

The results follow:

TEAM NO. 1				
Handicap	111	111	111	332
Hayle	168	168	112	448
P. J. S.	111	121	100	332
Anglin	132	116	137	415
Lewis	131	116	131	418
G. Thomas	265	175	169	619
TOTAL	924	812	824	2531

TEAM NO. 2				
Handicap	111	111	111	332
H. Thomas	119	172	212	503
Jones	91	110	124	325
Gregory	170	132	185	487

Moss	148	171	156	475
TOTAL	806	903	945	2654

St. Mary's Beat Santa Clara Team Stanford Beats U.C.

(By Universal Service)
OAKLAND, Feb. 20.—St. Mary's College basketball squad defeated the Santa Clara college team, 22 to 20, in the gymnasium here tonight. The game was fast and close and the final outcome in doubt until the closing minutes of play.

(By Universal Service)
STANFORD, Feb. 20.—The freshman basketball team of the Stanford University tonight defeated the freshmen team of the California University 21 to 18.

Junior High All Set For Big Game

All is in readiness at the Junior high school for the basketball games with the Potluna unlimited and 110 pound teams this afternoon at the school gym here. The visitors will arrive just before noon, and will be guests of a feed, prepared by the Junior high school P. T. A., in the cafeteria of the school.

The dope figures the games to be even, with the odds at any, slightly in favor of the home teams. Strenuous practice has been undergone by the Junior high teams here for the past week for the games.

NOTICE
The Richmond Public Production association will not meet Monday, February 23, but will meet Tuesday, February 24, at the Pythian castle. John Behr, president, 2 21 37.

St. Edmund's Wins Championship of Church Cage Teams

The St. Edmund's basketball team swept down on the First Presbyterian gym last night at the Y. M. C. A. gym, walked off with the honors of the game and clinched the championship of the Richmond Church Basketball league, thus winning the trophy that was offered for the champions.

Although the teams have one more game to play, St. Edmund's will be the proud possessor of the prize as they are so far in the lead after last night's victory they have nothing to fear from their nearest competitors, the Community Methodists.

The game was a slow affair as shown by the score of 32 to 9. The Presbyterians seemed helpless against the brilliant work of their flashy opponents and were unable to stem the tide of the sweeping attack. There were no stars on either team, as all the players worked with each other and the distinction of luminaries went to no one.

The second game was about on par with the first, the First Baptists beating the San Pablo Baptists, 21 to 8. Church was considered time and five baskets for a total of ten points was marked to his credit. Pinto of the defeated five was undoubtedly the star for he rang up all four of the baskets credited to his team.

The line-ups follow:
First game: First Presbyterians—L. Bowman and G. Bowman, forwards; Rodriguez, center; Entelking and Barbikas, guards.

St. Edmund's: Pinn and Tittmore, forwards; Woodslager, center; Sipe and L. Fenix, guards.
Second game: First Baptists—Woods and Allen, forwards; Church, center; Cook and Parker, guards.
San Pablo Baptists: Mondra and Pinto, forwards; Rhoades, center; W. Nevis and Slanisen, guards.

This evening at 6 o'clock at the Y. M. C. A. gym the LaMoine team will tangle with Y. M. C. A. five. At 8 p. m. the Y. V. boys will encounter the Morgans. From 7 to 8 o'clock tonight the Standard Oil volleyball team will have a practice game in preparation for the meet with the Business Men's team of the Stockton Y. M. C. A., who will be here on Saturday, February 28.

County Baseball League Proposed Richmond Invited

A Contra Costa county baseball league in which the teams will employ none but home players was one of the subjects discussed at the meeting of several of the managers of the Three C League teams which was held in Pittsburg this week.

All communities or industries in the county that desire to put a team into the proposed league are requested to have representatives present at the next meeting to be held Thursday evening at Pittsburg. This is to be a meeting of baseball enthusiasts and fans of the county, and is called for 8:00 o'clock so that definite action can be taken on policies and teams in the league. Communities including Cowell, Crockett, Antioch, Concord, Port Costa, Brentwood, Byron, Walnut Creek and Richmond, as well as any other players and teams interested, are invited to enter the league under the home players rule.

High Cadets Show Marksmanship

Special attention is being devoted to six small bore rifle shooters among the Richmond high school cadets who have extraordinary ability in practice by Ivan Hill, cadet commander, who is in hopes that this sextet will finish at the top of the state competition shoot to be held at the Leona Heights encampment in April.

As soon as the weather becomes more favorable the rifle team will practice on the outdoor range to be built near San Pablo to get their eye in shape after their long practice in the indoor range.

Ability has been shown by Archie Campbell, Major Concano, Edward Armstrong, Peter Loustabil, Harlin and Glenn Dixon.

Roosevelt Juniors Make Clean Sweep With Burbank Team

A tribute to the excellent coaching of "Doc" Seawright, physical director of the Roosevelt Junior high school, was paid yesterday through the victory of three of the Junior high teams over those of the Burbank Junior high school of Berkeley at that city.

The 85-pound team defeated the 85 Burbank team, 17 to 7; the 100 pounders, won 12 to 10, and the 110 team won by the score of 21 to 9. This is the first time in the history of the school that a clean sweep has been made in games with opposing schools.

KING'S HERALDS TO HOLD MEET TODAY

The King's Heralds will hold another meeting on Saturday afternoon at the Wesley M. E. church at 2 o'clock. All members are requested to be present and to bring their dues and their money for the "Junior Missionary Fund" as no one can hold office unless they are paid.

The Thank Offering cards are also to be brought in at Saturday's meeting. Officers for the coming year will be elected at this meeting.

Parts are to be given out for the entertainment which the King's Heralds will give some time in the near future.

HERMAN SCHWARTZ TALKS TO ROTARY

Herman Schwartz, president of Divinity school of Berkeley, was chief speaker at the Rotary club luncheon at the Christian church yesterday at noon.

Schwartz chose for his subject, "George Washington" and he related many interesting aspects of his character, his courage, self-reliance and leadership and also spoke of him as the ideal citizen.

Community singing was led by L. M. Johnson while Guy W. Wolf was chairman of the day.

HOME MISSIONARY SOCIETY TO MEET

The Women's Home Missionary society spent an enjoyable afternoon yesterday at the home of Mrs. W. T. Gibson at 39 Nicholl avenue. The subject of yesterday's lesson was "American Citizenship," and much advancement was shown by the members of the class. Mrs. J. P. Smith presided during the session and the hostess served lovely refreshments at the end of the afternoon.

WHIST PARTY PRIZE WINNERS ANNOUNCED

The winners of the whist party given on Friday afternoon at W. O. W. hall by Mrs. Anna Schach were: Mrs. Livingston, Mrs. Spaulding, Mrs. Leach, Mrs. Keating and Mrs. Woodruff.

Mrs. Schach will hold a similar game next Wednesday at Musicians hall and every week thereafter.

PRIZE WINNERS OF FRIDAY WHIST PARTY

The regular Friday afternoon whist party was held at the W. O. W. hall yesterday afternoon and the lucky winners were Mesdames B. Hasslett, B. Dremann, W. K. Randall, D. Fasching, A. B. Carson, M. Graves and S. S. Mastis consolation.

Silver Tea Held In Presbyterian Church at Stege

The ladies' parlors of the Stege Presbyterian church were the scene yesterday of a delightful silver tea given under the charge of Mrs. E. B. Hulet and Mrs. Frank Hunt. A large number attended the social, including several visitors and three new members. Mrs. T. F. Pickle, Mrs. D. Jordan and Mrs. F. L. Avery.

Rev. Sanborne led the short devotional service preceding the serving of the dainty refreshments.

Two guessing contests were held. One consisted of guessing synonyms for a number of articles that were placed on the table and the prize was taken away by Mrs. Pearl Joyner. The other was guessing the ingredients of a mixture of spices from the kitchen cabinet. There were twelve different spices and Mrs. Jordan made the remarkable record of 11 correct answers and was awarded the prize.

WASHINGTON PROGRAM IS HELD AT SCHOOL

A George Washington program and assembly singing marked the celebration of George Washington's birthday by the students of the Roosevelt Junior high school, yesterday afternoon in the school auditorium. A playlet, "Uncle Sam's Veterans" and dialogue, "Mr. Hatchet and Mrs. Cherry Tree," were among the numbers given. At the conclusion of the program the students joined in singing patriotic songs.

BAPTIST MISSIONARY SOCIETY IS POSTPONED

The meeting of the Baptist Missionary society which was to have been held yesterday at the home of Rev. C. R. G. Poole, was postponed until Friday, February 27, and will be held at the church.

W. C. T. U. TO MEET AT McCRAE HOME

Mrs. McCray is to entertain the W. C. T. U. at her home at 631 Bissell avenue on next Tuesday afternoon at 2 p. m. As important business is to be taken up, all members are requested to appear.

BUSINESS WOMEN'S CLUB PLANS BANQUET

Mrs. Blanche Karp has announced that there will be no meeting of the Richmond Business and Professional Women's gymnasium class on Monday, but she will have outfits prepared for the members for the next class. Miss Nora Ashfield, assistant superintendent of schools, is in charge of arrangements.

Those who will have charge of the big banquet of the Business and Professional Women's club on next Tuesday are:

Decorations—Mrs. Ruby Tully, chairman, Miss Edna Lohrer, Mrs. Keefe, Mrs. Elta Haley, Mrs. Belle Bugman.

Surprise musical numbers—Mrs. Hansen.

Reception—Dr. Rose Powell, chairman.

The dinner will be at half past 6 at St. Edmund's Guild hall and will be an informal affair.

Modern Woodmen Initiate Two; Serve Banquet

Two candidates were initiated at the meeting of the Modern Woodmen of America, No. 11622, in the Redmen hall last night. The work was put on by the officers of the lodge. A banquet followed the ceremonies.

A committee consisting of George Sinclair and C. P. Nichol had charge of the banquet. A large attendance was present to partake of the festivities.

Plans were also made for a masquerade ball to be held on February 27. Prizes will be awarded for the best man's and woman's costume, and there will also be a door prize. H. W. Causland and M. J. Arnold are in charge of the arrangements.

A. English, venerable consul presided at the meeting.

HUBER HALL DANCE ON NEXT SATURDAY

A dance to be held at Huber hall Saturday night, February 28, is one of the many functions that are planned by the El Cerrito Improvement association.

The details of the affair are being handled by a committee, consisting of E. T. Clark, X. Meny and J. Overstall. There will be prizes given for two dances and a grand prize will be awarded. Other features are also planned, which the committee declares, will be of the highest merit.

RICHMOND ANNEX CLUB TO BE INCORPORATED

Articles of incorporation are being drafted by the Richmond Annex Improvement club, which are to be filed in the near future. Many new members have been added to the club rolls within the past few weeks.

At the next meeting of the club District Attorney A. B. Tinning and Supervisor Zeb Knott will address the members.

DAUGHTERS OF AMERICA HOLD DRILL PRACTICE

In preparation for coming events the drill team of the Daughters of America held practice at the Richmond hall, under the direction of Mrs. Nora Hustis, drill mistress.

At the next meeting of the lodge, February 26, a class of candidates will be initiated, the work to be put on by the officers of the order. A banquet will follow the ceremonies.

SPANISH FIESTA HELD BY HIGH SCHOOL CLASS

The Spanish fiesta given by the Spanish classes of the Richmond Union high school last night at the school was a successful affair. Miss Woodard and Miss Cox were in charge of the proceedings of the evening and under their guidance a delightful evening was spent by those in attendance.

Two Spanish plays were given by the classes that were received with heavy applause by the audience. A Spanish dance was given by Ethel Koses and one was also given by Edith Kettlehut.

After the program of the evening the entire assemblage adjourned to the cafeteria, where a lovely supper was served in Spanish style amid decorations in keeping with the purpose of the whole affair.

Auxiliaries of War Veterans To Give Program

Plans have been completed for an impressive program to be given by the Allied Council of Auxiliaries for the war veterans and their families of Richmond, in the Richmond hall tonight at 8:15 o'clock. A banquet will follow the program.

The committees in charge of the affair have at their head Mrs. H. Baker, chairman of the reception committee; Mrs. Washburn, chairman of the entertainment committee; Mrs. Fred Heegan, general chairman of the arrangements.

A cordial invitation has been extended to all these of various veteran organizations in the city to attend. The program follows:

Song by all—"Star-Spangled Banner."

Welcome address—Mrs. Fred Heegan, president of the Allied Council of Auxiliaries.

Address—Mrs. Lily Samuels, state president of the American Legion Auxiliary.

Address—Mrs. Murray, past state president of the War Mothers.

Address—Col. C. V. Smith, Alameda Lodge of Elks.

Vocal solo—W. J. Osborn, accompanied by Mrs. Ruby Williams.

Dance—Dorothy Pulley.

Violin—Nelda Halls, accompanied by Grace Lowell.

Dance—Edith Kettlehut.

Novelty act—A. Laurendeau.

Reading—W. D. Armstrong.

Spark plug dance—Irwin Cassidy and J. Wyman.

Orchestra selection.

Banquet.

BAPTIST LADIES FROM CIRCLE NO. 2

Circle No. 2 of the Baptist Ladies Aid held a meeting yesterday afternoon and elected the following officers:

Mrs. French, president; Mrs. J. Craven, vice-president; Mrs. Fannie Jackson, secretary-treasurer; Mrs. C. G. Poole, chairman of the calling committee; Mrs. M. M. Buckman, chairman of the devotional committee; Mrs. M. M. Buckman, chairman of the devotional committee; Mrs. Sarah Beck, chairman of the work committee.

This was the formal organization of the Circle and it was decided to hold meetings once a month, on the third Friday. Refreshments were served by the hostess, Mrs. J. Craven at whose home the meeting was held.

Natural Laws

Beginning Monday Evening the 23rd at 7 P. M. in my office at 629 Macdonald avenue I will deliver a series of lectures on natural laws under which we live. Laws that bring to us happiness and sorrow, health and disease, success and failure, according to our understanding and use of them. Everybody is invited to come and bring your friends with you. No charges.

—Dr. G. L. BRYANT, D. C.

Social Night And Banquet Is Held By O.E. S. Chapter

A social night featured by a program, followed by a banquet, was held at the meeting of the Miramar Chapter, O. E. S., in the Masonic hall last night. The banquet hall and reception room was beautifully decorated in honor of the birthday of George Washington.

John Taffoli entertained the guests with several accordion selections. Margie Woods gave a recitation. After the entertainment a dance was given, for which music was furnished by Weisendorfer's orchestra.

The banquet committee was composed of the following: Jessie Spencer, chairman; Mrs. Sarah Grant-house, Mrs. L. Faint, Isabella Shinnover, George D. H. George Black, Bert Merritt and F. Black. Those who had charge of the entertainment were Virginia Bryant, chairman; Mary Pleton, Mr. M. Corey, Edna Purviance and Lol Woods.

A hard time dance will be given by the chapter on March 20. Mr. and Mrs. F. Clark are in charge of the arrangements, and promise that all who attend will have a time to be long remembered.

Velma Quinn, worthy patron, and J. P. Strom, worthy patron, were in charge of the affair.

Daily Fashion Hint

Prepared Especially For This Newspaper

IN GEORGETTE BROCADE

This sleeveless evening dress points the way to the smartest of Paris modes and is developed in Georgette brocade with figures of chiffon velvet. Any of the fashionable printed silks or satins may be used in its development, however. The foundation skirt is of plain chiffon. The model would also be charming in white satin over white chiffon, with motifs beaded onto the slashed skirt. Medium size requires 2 1/2 yards 40-inch Georgette with 2 1/2 yards chiffon. Pictorial Review Dress No. 2472. Sizes, 34 to 44 inches bust and 16 to 20 years. Price, 45 cents.

SPRING VOGUES

Springtime in its glory is at hand and with it comes the thought of what to wear—color plays an important role. The styles are varied enough to please the most exacting.

BRIDGE FIRM SECURES BIG HARBOR AREA

The San Francisco Bridge Company has purchased eleven and half acres more land on the Richmond Inner Harbor water front from the Bay Counties Land Company, according to deeds filed in Martinez, yesterday afternoon, transferring the land to the bridge company. The consideration was \$12,000.

With the land now purchased the company will have a 2000 foot frontage along the upper end of the northern arm of the inner harbor. The piece adjoins 11 acres belonging to the city that tapers to Point Nacoli, at the lower end of the northern arm. The land merges with the 20 acres purchased by the bridge company from the Minter estate a few weeks ago. The newly purchased plot of ground tapers to the corner of the northern arm at a point opposite the Procter & Gamble site.

HUGE HARBOR FRONTAGE
By its purchase of the Minter land the bridge company also has a 1000 foot frontage on the south side of the cutting canal, making a total of 3000 feet of harbor front. The company plans to develop this deep water property for shipping and industries as such industries can be located here. Certain portions of the land will be retained by the company for its own use.

Such a program of development will mean the bringing of many industries here. Already there is a business men of the city believe, rumor that a large lumber plant will be located here. The street that will be built, half on the Minter line and half on the bridge company's line, will be 100 feet wide, and it is planned to use it for trucking and as a route for a rail spur.

70 RUN POWER LINE
The company will run a power line to their property from the line now serving the Richmond Pressed Brick plant, and a water main will be laid either from the East Bay Company's line now reaching Chardon avenue on the West Side or from a connection right at the harbor by laying the pipe on the bottom of the canal. Assistance is to be given to the company in arranging all the details by the Richmond Industrial Commission, which brought the bridge company to this city.

ANDERSON—\$20,000 building project started at fair grounds.

STRANGERS IN RICHMOND

HOTEL YEALE
1748 Macdonald
Among the late arrivals in this city who registered at the Hotel Yeale Wednesday night from other cities were:

Mr. and Mrs. Ralph Wilson, Butte, Montana.
Mrs. A. G. McKean, San Francisco.
G. E. Stemberger, San Bernardino.
Sam Randall, San Francisco.
F. Schmidt and wife, San Francisco.

HOTEL RICHMOND
1214 Macdonald
The register of the Hotel Richmond showed the arrival of the following new people in Richmond Wednesday night:

George Matoy and wife, city.
G. R. Moore and wife, Vallejo.
J. E. Carres, city.
C. G. Grien, Modesto.
Ed Reinos, Los Angeles.
Paul White, Modesto.

CENTRAL HOTEL
621 Macdonald
Another railroad man, E. Coleough has arrived from Fresno to take up his work in the local Santa Fe yards. He is stopping at the Central Hotel at present but will move his family here as soon as he is able to locate a house.

Registered at the Central Hotel Wednesday night were:
R. E. Davis, city.
R. L. Donaty, Los Angeles.

HOTEL GLENN
521 Macdonald

Late arrivals in this city who registered at the Hotel Glenn over Wednesday night included:
Eddie Moore, city.
Malcolm Bishop, city.
G. E. Skinner, Calwa.
Mrs. H. Dominick, city.
V. J. Boven, Calwa.

IMPERIAL HOTEL
Fifth and Macdonald

H. A. Claussen and E. L. Siemond have arrived from Topeka, Kansas, for the purpose of looking over the prospects of a business location here. They are stopping at the Imperial Hotel.

Also at the Imperial last night were:

Louis Crain, city.
Mr. and Mrs. J. K. Anderson, San Francisco.

AUTOS IN COLLISION

While M. Thucina was attempting to drive his car away from the curb on Macdonald avenue between Fifth and Sixth streets, last night, he collided with a machine driven by Thomas Elieher of 229 Bissell avenue. No one was hurt, and only slight damage was done to the machines.

MASONIC HALL ASSOCIATION NAMES OFFICERS

E. M. Downer was elected president of the Masonic Hall association at an organization meeting held on Thursday night. Other officials elected at the meeting were W. T. Helms, vice president; C. C. Gleen, secretary; and Carl Alexander, treasurer. The association elected directors at a meeting held several weeks ago.

It was decided by the directors to launch a financial drive to raise an additional sum of between \$20,000 and \$30,000 before the building project is undertaken. So far about \$40,000 worth of stock has already been sold. Plans and specifications will be completed within two weeks for the building.

Those who are serving on the board of directors are C. R. Alexander, W. J. Richards, Jr., Harry Hammond, L. M. Johnson, T. M. Downer, A. D. Jones, Howard Flint, C. C. Olney and W. T. Helms.

AROUND THE HARBOR

The steamship Peter Kerr of the Steden and Christensen line, docked at the Richmond Municipal wharf yesterday, but went immediately over to the Standard Oil dock to unload a cargo of Fueler's earth for that company. She will leave here today.

According to data released yesterday by Harbor Master J. H. Misher, the shipping dates for the Municipal wharf for the remainder of February and the first part of March is as follows:

February 21, Steamer West Sequana, American Far East line, loading oils for the Orient.

February 25, Steamer West Islip, Pacific Australian line, loading oils for Australian and New Zealand ports.

March 5, Steamer West Jester, American Far East line, loading oils for Australian and New Zealand ports.

March 12, Steamer Indianie, General Steamship company, will stop at this port to finish loading oils for Australian and New Zealand ports.

March 15, Motor ship Haurile, United Steamship company, loading oils for Australian and New Zealand ports.

DECORA COMPANY IS ONE OF FIRMS WHICH ARE MAKING THIS CITY FAMOUS THROUGHOUT WEST

BY FRANK B. SCHUMAN,
Richmond Chamber of Commerce.

People of Richmond who often noticed the beautiful weather-proofed finish on automobiles, and admired the artistic effects of the painting on well appointed stage settings, probably did not realize that these modern improvements originated in Richmond. To the Decora Manufacturing plant, corner of Second and Richmond, must the credit go for these innovations, which are rapidly revolutionizing the painting and finishing of articles today.

The Decora Plant is well known to painters and finishers in and about the bay district and, in fact, to all parts of the nation. Charles S. Ronwick, vice president of the Richmond chamber of commerce, and Frank Tittemore, his business associate, are at the head of the organization, which must be considered one of Richmond's foremost.

TWENTY EMPLOYEES
On an inspection tour of the plant many interesting facts are brought out. We find that the company maintains an office at 418 Larkin street, San Francisco. This branch has been found a necessity because of the rapid expansion of the business in that section. We find that the organization has grown from one employee to twenty in a matter of four years. That is in addition to the large number of commission agents. This in itself is not such a large organization as manufacturing plants go today, but when it is considered that it is the only plant of its kind in the nation and probably the world and that it is a pioneer in its field, paying its own way, it is some achievement.

BOOSTS RICHMOND
Richmond comes in for its share of the boosting, not only in all parts of the United States where the products are sent, but to portions of South America and the Orient as well. The name Richmond is cast into the housings for the machinery and also painted on the carriages.

To the layman the air brush spraying equipment probably would not mean so very much, except for results. The painter and finisher could probably spend hours and days among the machinery and watch the manufacturing and assembling of the plants. The largest paint spray machine built by the Decora company is built for heavy duty and master painters' use. It can be used as either one or two man outfit with either one or two guns or air brushes. The machine is especially adapted for industrial use or for municipalities. As a rule the plants are electrically driven but they are also assembled with a gasoline engine so

that their use is unlimited. Another plant, the Decora No. 2, is built along the same lines, but has only one gun of air brush.

LABOR SAVING
When one considers that with the smaller plant one man can do the work of sixty-one men in eight hours it begins to dawn on the layman that this device is some labor saver. Not only is the work faster, but it is more efficient, for the paint is forced into the material upon which it is being used. The plant thoroughly atomizes the paint before forcing it into the wood or other material. The plant is built from the bottom up for this purpose. It is especially designed to deliver warm dry air and is the only compressor built expressly for painting purposes.

AIDS AUTO PAINTING
According to reliable information the Decora company is largely responsible for the recent development of quick drying lacquers for automobiles. This process is being used nationwide at the present time. Few people realize that this method was first experimented with by Frank Tittemore, some seven years ago, and that the first successful work of this nature originated in Richmond.

PAINTERS VISIT HERE
When this type of automobile painting was first undertaken chemists and engineers from many of the large paint companies in the east visited the local plant. They were at first very skeptical of the permanency and durability of lacquers for automobile finishing. Since the success of this method as followed by the local company has been proven, Tittemore is recognized as a national authority on this type of finish. The automobile painter's brush and the plant has been especially constructed for this type of business. When it is found that the sale of lacquer finishes has gone from \$500 to \$500,000 per month since 1916, the success of this type of finish is practically assured.

HAS WIDE USAGE
The lacquer finish is by no means limited to automobiles. It is being adopted for many other purposes. Bricolage of all kinds, interior house finishes and similar uses are being made of this practically new durable finish. A new industry of the present size of the Decora company brought into Richmond would create quite a flurry. As it is, however, we accept this comparatively new industry and its ever increasing payroll without hardly any ripple on the surface. This is the type of improvement which is adding to the ever increasing payroll and population of Richmond.

Mitchell to

Continued from Page 1

ed that the navy was "in error" in its report of the alleged bombing of the battleship, Washington. "They did not bomb that ship as they say they did; they put static charges in the ocean—just big fire crackers—and sat them off. Even then they blew gigantic holes in the ship's sides. What would have happened if bombs had been dropped on deck?"

5. General Mitchell charged that the public has been deceived by the navy's reports, adding, "I understand the battleship North Dakota has been assigned to be used as target practice; get me that ship for blowing practice and let the whole public witness aerial bombing. I'll show the nation the truth."

6. General Mitchell revealed that the army now has several bombers capable of carrying 4,000 pound bombs—and no other nation has that size "bomb." He also said that an airplane, "practically noiseless" had been invented. He intimated it depended upon the army whether such were produced in volume.

7. Referring to Secretary of the Navy Wilbur's slighting reference to aircraft bombing, General Mitchell showed the committee a picture of the battleship Indiana, totally wrecked by one bomb. He said: "Secretary Wilbur said a bomb couldn't even jam a turret well, try to find the turret in the picture." It had been blown to pieces.

\$15,000 PAID FOR RICHMOND PROPERTY

F. H. Kueffer, Oakland capitalist, formerly of Richmond, has purchased two improved business lots in Richmond for \$15,000, according to a deed filed yesterday with the county recorder. The seller is Milton H. Shutes.

Babies Love It
For all stomach and intestinal troubles and disturbances due to teething, there is nothing better than a safe Infants' and Children's Laxative.

UNITED STATES LEADS WORLD IN EXPORT TRADE

The United States in 1924 proved itself to be the premier export country in the world and San Francisco was the largest export center in Western America, according to a study just completed by the Foreign Trade bureau of the San Francisco Chamber of Commerce.

In other words, the world today buys more goods from the United States than from any other country and San Francisco is the main purchasing center on the Pacific.

Exports of leading countries of the world for the latest available years are:

United States (1924) \$1,588,000,000.
United Kingdom (1924) \$4,132,000,000.
France (1924) \$1,850,000,000.
Germany (1923) \$1,448,000,000.

The following are the latest estimates of the value of exports of all Pacific Coast ports compiled from records of the United States Department of Commerce.

San Francisco \$173,632,076.
Seattle \$134,110,669.
Los Angeles \$69,482,886.
Portland \$62,583,862.

Analyses of products exported both from the entire United States and the port of San Francisco show that the growth of exports of manufactured goods has been phenomenal.

In 1880 manufactured products constituted 15 per cent of the total exported from the United States. In 1924 this figure had risen to 60 per cent. Manufactured goods exported from San Francisco in 1880 constituted 1 1/2 per cent of the total exported while in 1924 manufactures constituted 40 per cent of the total export.

The trend of San Francisco's trade development is thus indicated. Industrially, San Francisco is fitted for her responsibilities as a great seat of commerce. By virtue of her natural advantages she is equipped to manufacture virtually everything that is required by man. Manufacturing is rapidly developing in this area. Today the San Francisco Bay district not only manufactures a great variety of commodities for its own needs, but in many of them leads the world both in quantity and quality.

Foreign countries will continue to buy their supplies from California's mines, fisheries and farms in huge quantities. In addition, from records of the past it is safe to predict that in the very near future San Francisco manufactured products will be known and used in every hamlet and city of the world.

MOTOR TRIPS ABROAD

Magdalen Tower, Oxford University
ELEVENTH OF A SERIES OF TRAVEL TALKS

Photo Courtesy Chrysler Maxwell Motor Corporations

The possible origin of the name "Oxford" is interesting. One explanation is that it points to a ford, oxen across the Thames river.

FEW American tourists ever go to London without going to Oxford, the home of the famous Oxford University whose history can be traced back to the eighth century. And one of the architectural wonders of that famous city and equally famous university is Magdalen Tower—pronounced as if

spelled "maudlin"—which was begun in 1492.

Magdalen College was founded in 1458. The famous Magdalen tower which is 150 feet high, required 13 years to build. It is one of the sights of England.

The roads from London to Oxford are perfect and no American in England with a motor car should think of leaving the country without making this 60-mile trip.

Decco

Rugs

The new Fiber Rug made of genuine fiber in all the newest shades of blue, taupe and rose and all the latest patterns. A special buy enables us to sell them at the following prices:

9x12 Rug	\$25.00
8.3x10.6 Rugs	23.50
7.6x9 Rugs	20.00
6x9 Rugs	16.50

—These are beautiful rugs for sun rooms, breakfast rooms and bed rooms.

—Remember our easy terms and take advantage of them on these rugs.

—Rugs on display in our Seventh street windows.
